EARTH, WIND, FIRE?

Oh my!

How can we in the North Okanagan help mitigate the climate threats for our and for the next generations' future?

Thurs, April 23, 7–9pm

SCHUBERT CENTRE

(3505 30th Ave, Vernon)

**CELEBRATE! the 50th Anniversary of “*Earth Day*” & “*Earth week*” with us!
CELEBRATE that we are a BLUE DOT community and can help the Earth!**

Celebrate with local expert advice and ideas:

Jen Miles – Fire/water-smart plantings : avoiding water & soil pollution

Alistair Crick – Homeowner fire prevention tips for improved air quality

Darren ??? – Composting (e.g. bokashi) to make use of food scraps and to prevent harmful methane generation

*****A VERY short SENS Annual General Meeting will be held for 7 minutes at 7 pm before the speakers take the stage*****
